

Dear valued Self-Pay Parkway Medical Group patient:

Parkway Medical Group will now be collecting a portion of your payment upon check-in. This only applies to patients who do not have active insurance coverage. The payment will range from \$50.00 to \$100.00 depending on the type of services you are scheduled for that day. You will be expected to pay the balance of the visit upon checking out.

If you pay in full upon checking out, you will continue to receive a "self-pay" discount, which has been increased from 10% to 20% to help ease healthcare costs for uninsured patients during difficult economic times.

To qualify for the self-pay discount, you will be asked to fill out a financial need form. This form will be kept on file until your financial situation changes, you will NOT have to complete this form at every visit.

Thank You,

Camellia Murphy, RN
Director of Operations
Parkway Medical Group
